- 1. Our undergraduate program centers on artistic practice, complemented by theoretical studies aimed at nurturing students' independent artistic thinking. We prioritize the development of diverse artistic skills while also fostering critical thinking to engage with contemporary art effectively.
- 2. The curriculum is structured into two main clusters: the practice cluster and the theoretical cluster. These encompass studies in art theory, aesthetics, and art history.
- 3. Starting with foundational principles, our curriculum places a strong emphasis on building a solid artistic foundation. We bridge ancient and modern practices to cultivate robust creative abilities in our students.
- 4. While we uphold traditional aesthetic values, we also guide students in constructing experimental and conceptual frameworks for their artistic pursuits.
